Substantive Changes to Current Law

- Creation of the Maryland Underground Facilities Damage Prevention Authority
 - § 12-113. Pg. 18 thru 22 of 26. Establishes the Authority
 - Pipes Act Element No 6 – “A process for resolving disputes that defines the State authority’s role as a partner and facilitator...”
 - Pipes Act Element No 7 – “Enforcement of State damage prevention laws...and the use of civil penalties ...by the ...State authority.”

Substantive Changes to Current Law

- Deletion of Marking Color Codes in the law.
 - § 12-110. Pg. 14 thru 16 of 26 is essentially replaced with § 12-111. Pg. 16 thru 18 of 26.

Substantive Changes to Current Law

- Deletion of Marking Color Codes in the law.
 - § 12-110. Pg. 14 thru 16 of 26 is essentially replaced with § 12-111. Pg. 16 thru 18 of 26.
 - Specific reference to the colors used to mark facilities is removed from the law and APWA National Standards are included by reference.

Substantive Changes to Current Law

- Deletion of the separate section of the law that refers specifically to Montgomery County.
 - § 12-201. through § 12-201. Pg. 23 thru 25 of 26 have been removed from the law

Substantive Changes to Current Law

- Deletion of the separate section of the law that refers specifically to Montgomery County.
 - § 12-201. through § 12-201. Pg. 23 thru 25 of 26 have been removed from the law
 - All language in the Montgomery County specific Articles has been updated and/or incorporated in the new Title 12 Re-Write except for their 36” Tolerance Zone

Substantive Changes to Current Law

- Deletion of the separate section of the law that refers specifically to Montgomery County.
 - § 12-201. through § 12-201. Pg. 23 thru 25 of 26 have been removed from the law
 - All language in the Montgomery County specific Articles has been updated and/or incorporated in the new Title 12 Re-Write except for their 36” Tolerance Zone
 - The 36” Tolerance Zone has been changed to an 18” Tolerance Zone

Substantive Changes to Current Law

- Deletion of the separate section of the law that refers specifically to Montgomery County.
 - § 12-201. through § 12-201. Pg. 23 thru 25 of 26 have been removed from the law
 - All language in the Montgomery County specific Articles has been updated and/or incorporated in the new Title 12 Re-Write except for their 36” Tolerance Zone
 - The 36” Tolerance Zone has been changed to an 18” Tolerance Zone
 - Brings it in line with the remainder of the State

Substantive Changes to Current Law

- Deletion of the separate section of the law that refers specifically to Montgomery County.
 - § 12-201. through § 12-201. Pg. 23 thru 25 of 26 have been removed from the law
- All language in the Montgomery County specific Articles has been updated and/or incorporated in the new Title 12 Re-Write except for their 36” Tolerance Zone
- The 36” Tolerance Zone has been changed to an 18” Tolerance Zone
 - Brings it in line with the remainder of the State
 - Brings it in line with National Standards and CGA Best Practices

Substantive Changes to Current Law

- The addition of Storm Drains to facilities that need to be marked
 - § 12-101. Definitions. (O) *Underground facility*. (3) Pg. 4 of 26 has been removed from the law

Substantive Changes to Current Law

- The addition of Storm Drains to facilities that need to be marked
 - § 12-101. Definitions. (O) *Underground facility*. (3) Pg. 4 of 26 has been removed from the law
 - By definition the exemption for storm water drain is no longer acknowledged in the law

Substantive Changes to Current Law

- The addition of Storm Drains to facilities that need to be marked
 - § 12-101. Definitions. (O) *Underground facility*. (3) Pg. 4 of 26 has been removed from the law
 - By definition the exemption for storm water drain is no longer acknowledged in the law
 - Because of increased pressure from the Gas and Electric Industries due to the increased use of directional drilling for the installation of gas and electric lines an amplified probability now exists that storm water lines could be and are damaged as a result of directional drilling operations

Summary of Substantive Changes

- Create a Designer Ticket
- Marking Fees Deleted
- Creation of the Authority
- Deletion of Marking Color Codes
- Deletion of Montgomery County Articles
- Definition of the Storm Water Exemption
